

## Workshop #16 Summary

**When:** December 8-10, 2005.

**Where:** Hotel Bonvecchiati, Venice, Italy.

**Attendees:** Martine Cardin, Isabelle De Lamberterie, Luciana Duranti, Terry Eastwood, Philip Eppard, Kevin Glick, Yvette Hackett, Babak Hamidzadeh, Ken Hawkins, Hans Hofman, Greg Kozak, Bonnie Mak, John McDonald, Jean-Pascal Morghese, Isabella Orefice, Cecilia Pirola, John Roeder, Fraser Taylor, Joe Tennis, Malcolm Todd, Bill Underwood, Mark Wolfe

### **Workshop Objectives:**

#### **Summary:**

The Chairs of the Focuses, Domains and Cross-Domains presented progress reports.

Focus 1, 2, and 3 presented the status of the case studies.

Domain 2 presented the status of the conceptual analyses.

Domain 3 presented the redraft of its template for analysis and its approval was discussed in depth.

The Modeling Cross-Domain presented the continuing work on the Business Process model, and the start of Data Flow Diagrams and a walkthrough with the NASA case study.

The Description Cross-Domain presented the metadata that resulted from the MCP and BP models.

The Policy Cross-Domain presented the status of various projects and the draft for the conceptual frameworks, which was discussed.

The Terminology Cross-Domain presented the status of the thesaurus and other work still outstanding.

The International Team discussed what the final products of the project will be and the need for an editorial board.

Reported that InterPARES could be an ISO category D partner.

Reported on the visit of the Latin American and Caribbean archivists.

There was a discussion on the need to seek out opportunities to dissemination to non-archival audiences. Discussed the possibility of collaborating with CODATA

**Next Workshop:** Vancouver, BC, February 21-25, 2006.
