InterPARES 3 Experimental Base Seminar of China in RUC

Oct 10, 2010

On October 26th, The International Research on Permanent Authentic Records in Electronic Systems 3, China Experimental Base Seminar was held in Meeting Room209, School of IRM, RUC. The participants discussed the instruction and implementation strategy of electronic records metadata framework in deep.

Professor Wang Jian from SIRM of RUC, the leader of InterPARES 3 chaired the meeting. The coordinator of the team, Associate Professor Xie Li from School of Library and Information Science of UBC, the experimental base recourse partners, Deng Xiaowen, Department head of Provincial Archives Bureau of Anhui, Jiang Wei, chief of Foreign Affairs Office Information Center of Beijing, and other experts and scholars talked one by one on the same topic "the key measures in ensuring the authenticity of electronic records—the instruction of metadata framework and the implementation" from different perspectives.

Professor Wang made the summary. She pointed out that the discussion represented the advantages and the great power of the combination of the theory and practice, the management and technology. She sincerely hoped that we could produce our China Model, achieve the InterPARES3 China Team's research aim—rely on the international cooperation platform, building up an excellent team with good combination of theory and technology, research and practice, study the successful experiences, improve the efficiency of electronic records management and the international repercussions.
