

# GEODE

**American Scientist**  
THE MAGAZINE OF SIGMA XI, THE SCIENTIFIC RESEARCH SOCIETY

American Scientist Site of the Week

Internet Resource of the Month

March 24, 2002

November 29, 2002

Use GEO-DATA Explorer (GEODE) to access, view, and download information from geo-spatial databases containing a broad spectrum of data produced by the USGS and other government agencies.

(note: site looks best when viewed in IE 5, Netscape 6, or above.)

GEODE fact sheet

Submission Guidelines

## HTML Client:

- Ideal for dial-up modem users
- Improves download times on slower connections
- Requires no plug-in

## JAVA Client:

- Added functionality
- Best suited for high speed connections (T1, cable, DSL)
- Requires JAVA plug-in, [click here to check your setup](#)
